

### Intakes

September and January

### Duration

#### Full time

12 months for Sept entry,

17 months for Jan entry

#### Full time with internship

18 months for Sept entry,

21 months for Jan entry

#### Part time (home students)

24+ months

### Entry Requirements

- An Honours degree at 2:2 level or above in any subject (or equivalent).
- Students whose first language is not English are required to demonstrate proficiency to a minimum level of 6.5 IELTS (and minimum of 5.5 in each element) or equivalent.
- Students with relevant previous study at postgraduate level or with extensive experience may be considered eligible for recognition of prior learning.

### The internship

- An optional internship (up to 6 months in duration) is available to all students, taking place on completion of the taught modules.
- The internship will not be credit-rated but will allow the student to gain first-hand experience within a real business environment to enhance their future employability.

This degree has been specifically designed to provide you with a range of skills that will give you a competitive advantage in the global marketplace. You will be taught by senior academics who have wealth of professional experience and excellent links with industry. In studying a variety of subjects in the course modules, you will gain the knowledge and experience needed for a successful career in the area of Logistics, Supply Chain and Operations Management.

The course will assist you in expanding your expertise in areas such as entrepreneurship, project management and human resource management. You will also have the opportunity to work as an operation's management consultant working for a real client. This will include the analysis of ongoing business issues and assisting the client in developing solutions. Consequently, you will enhance your critical thinking skills and your ability to devise solutions that are economically feasible and operationally effective.

The course content is both practical and relevant to real business life and this includes the option of an internship to provide you with a flavour of the actual world of business.
